

GRAHAM-NEWMAN CORPORATION

122 EAST 42ND STREET

NEW YORK 17, N. Y.

February 28th, 1955

To the Stockholders of Graham-Newman Corporation:

Submitted herewith are financial statements of the Corporation covering the fiscal year ended January 31st, 1955.

The appended balance sheet indicates a net asset value of \$1,018.24 after deduction of the dividend of \$290.23 declared February 15th, 1955 payable March 10th, 1955. This dividend, although declared after the end of the fiscal year, is payable solely from profits realized during the year covered by this report. The comparable net asset value on January 31st, 1954 after deducting the dividend paid March 5th, 1954 from earnings during the 1954 fiscal year was \$1,170.19.

The indicated net asset value on February 11th, 1955 giving effect to the dividend payable March 10th, 1955, was approximately \$1,038.

FISCAL YEAR RESULTS AND DIVIDENDS

The overall gain for the fiscal year, including the net decrease in unrealized appreciation, was \$175.78 per share or 15.0% on the adjusted asset value of the shares at the beginning of the fiscal year.

Net realized profits for the fiscal year (without reflecting the decrease in unrealized appreciation) amounted to \$272.99 per share. The total dividends paid and declared applicable to the realized "Capital Gains" for the fiscal year aggregate \$327.73. Such dividends consist of the quarterly dividends of \$12.50 each paid in June, September and December 1954, and a dividend of \$290.23 declared February 15th, 1955 payable March 10th, 1955 to stockholders of record February 28th, 1955.

Total dividends of \$327.73 per share applicable to the fiscal year exceed the net realized profit for the fiscal year by \$54.74 per share. This difference is accounted for as follows:

a. Excess of compensation accrued for year over compensation paid and allowable for tax purposes - \$27.40 per share.

b. Deficit in ordinary income after deducting compensation paid - \$27.34 per share. This amount may not be offset against Capital Gains Dividends otherwise payable.

The entire amount of the above dividends represents long term capital gains.

CALENDAR YEAR DIVIDENDS

During the calendar year 1954 the total dividends paid amounted to \$154.00, consisting of a dividend of \$116.50 paid in March out of net realized profits of the fiscal year ended January 31st, 1954 and dividends of \$37.50 paid as stated above. All such dividends represent long-term capital gains.

The financial statements have been reviewed by Messrs. Stern, Porter, Kingston and Coleman, independent public accountants, whose certificate is set forth herein.

The proxy statement for the annual meeting of stockholders which will be held on April 11th, 1955 will be mailed to the stockholders on or about March 30th, 1955.

By Order of the Board of Directors,

Benjamin Graham,
Chairman of the Board

To the Board of Directors and Stockholders
of Graham-Newman Corporation:

We have examined the Balance Sheet of Graham-Newman Corporation as at January 31, 1955 and the related statements of Profit and Loss, and Changes in Net Assets for the fiscal year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The company has adopted the policy of charging against surplus and setting up as a liability at the close of the fiscal year the final dividend for the year, which although declared and payable subsequent to the close thereof may, under the provisions of the internal revenue code applicable to regulated investment companies, be included for tax purposes in the amount of dividends paid during the prior year.

In our opinion, the accompanying Balance Sheet and related statements of Profit and Loss and Changes in Net Assets, as supplemented by the notes appended thereto present fairly the financial position of Graham-Newman Corporation as at January 31, 1955 and the results of its operations for the fiscal year then ended, in conformity with generally accepted accounting principles applied, except for the change noted in the preceding paragraph, in which change we concur, on a basis consistent with that of the preceding year.

STERN, PORTER, KINGSTON & COLEMAN
Certified Public Accountants

New York, N. Y.
February 15, 1955.

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 1955

NOTE A - VALUATION OF INVESTMENTS - UNREALIZED APPRECIATION OF INVESTMENTS

Investments have been evaluated at their quoted market values as at January 31, 1955. These valuations are not, however, intended as representations of the amounts which may be actually realizable upon sale of the securities.

The unrealized appreciation at January 31, 1955 is represented as follows:

	Ledger Value (Cost-or Proceeds)	Value at Jan.31,1955	Unrealized Appreciation
Investments in securities	\$3,854,374.64	\$5,058,053	\$1,203,678.36
Securities short (a)	(426,174.64)	(450,138)	(23,963.36)
Net securities position	<u>\$3,428,200.00</u>	<u>\$4,607,915</u>	
Unrealized appreciation at January 31, 1955			<u>\$1,179,715.00</u>

(a) Securities short are stated at amount realized on sale, cover value, and indicated loss.

The unrealized appreciation of investments at the beginning of the year, the decrease therein for the year, and the balance at the close thereof, together with the related additional contingent compensation of officers (see Note B) and the balance applicable to the outstanding capital stock in respect of each of these items, were as follows:

	Total	Deduct- Additional Contingent Compensation	Balance applicable to Capital Stock
At January 31, 1954	\$1,787,305.00	\$352,809.28	\$1,434,495.72
Decrease for year	(607,590.00)	(121,518.00)	(486,072.00)
At January 31, 1955	<u>\$1,179,715.00</u>	<u>\$231,291.28</u>	<u>\$ 948,423.72</u>

NOTE B - COMPENSATION OF OFFICERS

The Chairman of the Board and the President receive salaries of \$25,000 per annum each, and the Treasurer a salary of \$18,000 per annum. In addition thereto, additional compensation is payable to them as a group of 20% of the excess of the realized net income in each year as determined at the close thereof (less the net unrealized depreciation, if any, in the value of the investments at the year end which had accrued subsequent to January 31, 1948) - over an amount equivalent to \$40.00 per share per annum (\$10.00 per share per quarter) on the outstanding capital stock. The total amount of such additional compensation subsequent to January 31, 1948 is however limited to 25% of the excess of the dividends paid during this period over an amount equivalent to \$40.00 per share per annum on the presently outstanding capital stock (or the equivalent on the old stock outstanding prior to recapitalization in 1950). For the purpose of computing this limitation, the first dividend paid in any fiscal year (which under the provisions of the Internal Revenue Code may be included for tax purposes in the amount of dividends paid during the prior year) is considered as having been paid during such prior year. The additional compensation is payable in five equal annual installments within sixty days of the close of the respective fiscal years, but payment of deferred installments may be accelerated at the discretion of the directors. In the event

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 1955

(CONTINUED)

NOTE B - COMPENSATION OF OFFICERS (continued)

of the death of any officer who is entitled to additional compensation, or upon the termination of his tenure of office, the additional compensation due him is to be determined upon the basis of the value of investments (including unrealized appreciation or depreciation) as at the date of such event.

NOTE C - TAX STATUS

The Corporation has elected to be taxed as a "regulated investment company" under the Internal Revenue Code, and as such will be liable to Federal taxes on income on such amount only as is represented by its undistributed net long term capital gains (less its net short term capital loss if any) and its undistributed net income from other sources. The Corporation has in the past, and intends in the future, to distribute as dividends each year, or within the time limit provided by the terms of the internal revenue code, an amount which will absorb the total net income in each of the above categories which is reportable for Federal income tax purposes, and in this event will not be liable for Federal taxes on income. No provision has therefore been made for such taxes either in respect of the realized net income for the current period or in respect of unrealized appreciation at the close thereof.

NOTE D - SUPPLEMENTARY INFORMATION

The aggregate dollar amounts of purchases and sales of investment securities, other than United States Government obligations, made during the year were as follows:

Cost of Securities purchased	\$2,534,626.76
Proceeds of sales of securities	4,041,155.31
