Study Periods
IIM Ahmedabad follows a trimester system with each academic year divided into three terms. Given current uncertainties, dates of our terms might undergo substantial changes. Therefore, your student’s ability to complete required studies within those constrained dates will have to be evaluated.

Terms including term-break courses
IV 12 Jun ’23 – 03 Sep ’23
V 13 Sep ’23 – 03 Dec ’23
VI 13 Dec ’23 – 06 Mar ’24

Nomination Process
The nominations would be done online at the IIMA Exchange Programme registration portal: https://stdwww.iima.ac.in/epas

The Exchange Program Coordinators of the respective universities have to nominate their students for each Term of study. This would be done for both Normal Exchange and Double Degree program. Login details will be sent to Programme Coordinators in a separate email. For any queries about the process, please contact exchange@iima.ac.in

Online Course Bidding will be conducted for all students during each term. More information regarding course bidding process will be provided to students after the successful completion of their registration.

Students can choose from among the announced courses, within the minimum and maximum credit limits. Students must go through the course outlines thoroughly before registering their courses.

The student who fails to register in accordance with the specified procedure and within the specified deadline for registration will be deemed to have left the programme. Students are not permitted to register for fresh courses on their arrival at IIMA.

Pedagogy

IIMA’s learning methodology is through case studies, discussions, management simulation, student projects, take home assignments and lectures.

Course Workload

A one-credit course requires from a student about 80 hours of work, including time spent in the classroom. A one-credit course typically consists of around 20 class sessions (each session of 75 minutes). Course can also have credits less than or more than one, with appropriately adjusted workload and class sessions. In special circumstances, non-credit courses with workload implications may also be offered.

Language of instruction

All courses at IIM Ahmedabad are taught in English.

Credit requirements

The course load of an incoming exchange student at IIMA depends on the number of course credits required to be fulfilled at their parent institute, information regarding the same is to be provided by program coordinator at the time of student nomination.
Attendance Policy

Students must maintain regular and punctual attendance in courses. The instructor is free to adopt appropriate measure to regulate attendance, penalize absence, and ensure smooth and undisturbed learning in his/her class.

Leave of Absence: Under extraordinary circumstances, a student may obtain leave of absence, provided prior permission is obtained from the PGP Chairperson.

Leave is generally not granted for more than one teaching day, except for sickness. Before applying to the PGP Chairperson for leave, the student is strongly advised to contact the instructors to ensure that he/she does not miss any quizzes or examinations during the leave period. Instructors have the discretion to give substitute quizzes or examinations to students who miss them while on leave with permission.

Minimum Attendance: The instructor may specify a minimum level of attendance as an academic requirement for completion of a course. If a student fails to meet this requirement, due to leave without permission from the PGP Chairperson, the instructor may award an incomplete (“I”) grade to the student. Default minimum attendance is 100%

Examinations

Examinations are typically held in a one-two week period during each term. The examination schedule is made available to the students in the first few weeks of such term. The institute is flexible in conducting proctored examinations for Incoming students on specific approval from course instructor.

Grading System

Courses are graded on a 5-point scale

A = Excellent
B = Good
C = Satisfactory
D = Low Pass
F = Fail

In addition, plus (+) and minus (-) signs against A, B, C and D may be added to indicate different shades of performance.

All segments of evaluation are awarded letter grades. These letter grades in the different segments are converted separately into grade points up to two decimal places using numerical values as given below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Numerical Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4 1/3</td>
</tr>
<tr>
